POS Live (bronze)

POS Live is the leader in customizing the on-line creation of point of sale materials with print on demand technology. We provide a One-Stop-Shop Solution resulting in an integrated management solution that works best for you and your customers.

How we do it . . .

By working closely with you, **POS Live** can create a tailored web site that integrates and automates all of your needs, This custom web site acts as a single point of entry for both you, your sales and even your distributors enabling you to display marketing materials on-line, customize, and **print what you need**, as you need it. **No**

minimums, no inventory, no waste. As an integrated marketing tool, you can monitor program effectiveness, generate reports and much more.

Beyond the obvious benefits of centralizing your trade, a POS live solution can also positively impact your bottom line. Simple, streamlined processes such as the **customization of POS** will encourage program participation. Centralized, electronic distribution of brand assets will eliminate multiple touch points for your sales to access. **Printing on demand** of your POS materials will help monitor your cash flow since you print and pay only for what you need. And the speed of response of **48 hours** will also help encourage participation and client relationships. You are also saving in valuable warehouse space by ending the need for pre-printed inventory.
